

# OPUS LUBRICANTS PRODUCT DATA

## SYNOPSIS NOVA P 0W/30

### Description

**Synopsis Nova P 0W/30** is a Full Synthetic engine oil manufactured using high quality additives and base oils for the latest generation PSA petrol & diesel engines.

The additive technology coupled with synthetic base fluids not only promotes fuel efficiency, but also ensures a high level of component protection and cleanliness when operating in severe conditions which helps to reduce wear in stop/start operations.

### Application

- Developed for use in passenger car engines where this viscosity and specification is required, including petrol and diesel engines and also those fitted with three way catalysts and diesel particulate filters.
- Specially developed for PSA B71 2312 engine oil specification.

### Performance Levels

ACEA: C2  
PSA B71 2312

### Suitable for Use\*

API: SN\*  
Chrysler MS-90047, Chrysler MS-13340\*  
Fiat 9.55535-GS1, Fiat 9.55535-DS1\*  
Honda, Hyundai, Infiniti, Kia, Lexus, Nissan,  
Suzuki & Toyota Vehicles requiring ACEA C2.

### Benefits

- Improved fuel economy.
- Low volatility.
- High viscosity index.
- Excellent cold starting characteristics.
- Better thermal stability, improved engine cleanliness.

### Technical Data

SAE		0W/30
Specific Gravity	@ 15°C (typical)	0.849
Kinematic Viscosity	@ 100°C cSt	9.76
	@ 40°C cSt	52.50
Viscosity Index		185
Flash Point (COC °C)		205
Pour Point °C		-35

Revision Date: April 2023
