

OPUS CONSTRUCTION PRODUCT DATA

EASYSLEASE PREMIUM

Description

Opus Easylease Premium is designed to be used across a variety of Mould substrates for the Production of on-site and Pre-Cast Concrete. Its unique rheological attributes ensure that high quality Concrete is achieved across both Timber and Steel Formwork. It is suitable for use with white Concrete and over a wide range of mix designs with or without admixtures.

Easylease Premium is of the family of positive release Products thus ensuring that Moulds are stripped cleanly and free of residues with added rust protection.

Being of low odour operator comfort levels are enhanced.

Benefits

- Effective, clean, positive release, reducing labour costs, cleaning time and possible damage to formwork.
- Assists production of stain free, quality concrete finish.
- Protects timber forms against ingress of moisture, extending their useful life.
- Continued use gives progressively better results on timber formwork.
- Supplied ready to use; economically and easily applied by Opus sprayers or other applicators.
- Low Odour
- Rust Protection

Properties

Appearance:	Light brown, Low viscosity liquid.
Specific Gravity @ 15°C:	0.841
Flash Point:	85°C
Viscosity @ 20°C:	13.5 cSt
Freezing Point:	-30°C
Storage Life:	Indefinite in manufacturer's sealed container
